

Recognized[♥]

by the Communities We Serve

Over the past few weeks, we have been proud to share the exciting news that Family Day has been recognized with **five 2025 Readers' Choice Awards** across communities throughout the GTA.

This recognition is especially meaningful because these awards are chosen by families and community members—the people who know our programs, our educators, our home child care providers, and the care we strive to provide every day.

For 175 years, Family Day has been committed to supporting children and families through high-quality early learning and child care. While much has changed since our organization first began, what has remained constant is our belief in the importance of strong relationships, inclusive environments, and caring communities where children can learn, grow, and thrive.

These awards reflect the dedication of so many people across Family Day. Every day, our educators, home child care providers, support staff, supervisors, managers, and leadership teams work together to create welcoming, responsive, and supportive environments for children and families. Their commitment is at the heart of this recognition.

To the families who have placed their trust in us, and to everyone who took the time to vote — **thank you**. Your confidence in our work means a great deal, and it is something we never take for granted.

We are honoured to be recognized by the communities we serve, and we remain deeply committed to continuing our work in support of children, families, and brighter futures.

With gratitude,

Diane Daley

Chief Executive Officer
